Variegated Grassy-Leaved Sweet Flag

Acorus gramineus 'Variegatus'

Height: 12 inches

Spread: 12 inches

Sunlight:

Hardiness Zone: 4b

Other Names: Variegated Sweet Flag Grass

Description:

This striking variety forms a low mound of narrow sword shaped leaves that are striped lengthwise; a great accent for a pond edge or along a stream; divide in spring if clump centers thin out

Ornamental Features

Variegated Grassy-Leaved Sweet Flag's attractive fragrant grassy leaves remain green in color with prominent white stripes throughout the season. Neither the flowers nor the fruit are ornamentally significant.

Landscape Attributes

Variegated Grassy-Leaved Sweet Flag is a dense herbaceous perennial grass with an upright spreading habit of growth. Its relatively fine texture sets it apart from other garden plants with less refined foliage.

This is a relatively low maintenance plant, and is best cleaned up in early spring before it resumes active growth for the season. It has no significant negative characteristics.

Variegated Grassy-Leaved Sweet Flag is recommended for the following landscape applications;

- Mass Planting
- General Garden Use
- Groundcover
- Naturalizing And Woodland Gardens
- Container Planting
- Bog Gardens

Planting & Growing

Variegated Grassy-Leaved Sweet Flag will grow to be about 12 inches tall at maturity, with a spread of 12 inches. Its foliage tends to remain dense right to the ground, not requiring facer plants in front. It grows at a medium rate, and under ideal conditions can be expected to live for approximately 10 years.

Plant Finder

This plant does best in full sun to partial shade. It is quite adaptable, preferring to grow in average to wet conditions, and will even tolerate some standing water. It is not particular as to soil type or pH. It is somewhat tolerant of urban pollution. This is a selected variety of a species not originally from North America. It can be propagated by division; however, as a cultivated variety, be aware that it may be subject to certain restrictions or prohibitions on propagation.

Variegated Grassy-Leaved Sweet Flag is a fine choice for the garden, but it is also a good selection for planting in outdoor pots and containers. It is often used as a 'filler' in the 'spiller-thriller-filler' container combination, providing a canvas of foliage against which the larger thriller plants stand out. Note that when growing plants in outdoor containers and baskets, they may require more frequent waterings than they would in the yard or garden.
